A New Start.

After a busy start in November 2006, the new ownership of the business has settled into a routine of delivering Australia's best Spring Water. Riga Properties P/L took over from Andrew and Katinka Lytton-Hitchens in a whirlwind of pre Christmas and height-of-drought water orders. Riga Properties directors Aris and Valdis Berzins are both keenly interested in the future of the business and have hands on experience with all the processes. Aris was involved heavily with the hand over from Andrew and Katinka and is constantly looking at improvements and new opportunities for our water business.

"More energy is encapsulated in every drop of good spring water than an average sized power station is presently able to produce" ~ Viktor Schauberg (1885 – 1958)

Stop Press: Famous Heritage Cordials now available!

Murray Breweries traditional old style mixers can be delivered to your door with your Spring Alive delivery, or you can call in to our tasting table. Our New Staff

Of course, along with the new ownership we have new office staff whom you've quite possibly already spoken to. Let us introduce our friendly office staff, Megan and Lindy who job-share doing all the administration tasks. They're both local to the Southern Highlands. Megan has a young family and is heavily involved in children's sports while Lindy enjoys her equestrian pursuits. They are enjoying their new roles immensely and both say they love working at *Spring Alive*. They're waiting for your phone order. We also welcome Paul our versatile new customer service and delivery person. Paul is now a local, having moved to the best part of Australia from the Central Coast.

Wedding Bells

Our long time customer service representative Bernie married Christine on the first of July at beautiful McVitty Grove Winery. All had a wonderful day, Bernie and Christine honeymooned in the Blue Mountains and he is now back on deck, brighter and happier than ever.

Deliveries

Don't forget to phone us in plenty of time if you find you're running low as the weather begins to warm up. We'll be happy to include your place in our next run to your area. 1300 303 803

Win a Sigg Bottle

We're awarding a fabulous SIGG bottle to one lucky reader per month. All you have to do to win is send us an article about water that will be of interest to other customers. If we publish your article in our Newsletter you'll receive one of our SIGG bottles as a token of our thanks.

New Calendars.

Take a look at your new fridge calendar included with this newsletter. Pop it onto your fridge and use it whenever you need to recall your delivery week.

Don't forget that dates with an asterix (*) mean we won't be delivering that day, but we'll make sure that you have plenty of water in the delivery prior to that date. You're welcome to ring Lindy or Megan if you're unsure of a delivery date.

From the Source

Our local spring has been flowing beautifully and has remained totally unaffected by the bores at Kangaloon put in by the Sydney Water Catchment Authority. This augurs well for the future of this lovely spring.

The spring flows from the ground relentlessly and the flow has kept constant through dry times. This beautiful spring is water simply collected, filtered and bottled. It truly is a "spring alive".
